

SMART ERV ENERGY RECOVERY VENTILATOR

September, 2009 – SMART *air & energy solutions*[™] is a collection of HVAC products designed to enhance comfort, improve indoor air quality, and save energy for homeowners. Today everyone understands we need to explore options for saving energy – while remaining comfortable in our homes. SMART *air & energy solutions*[™] offer products designed to provide economical options, while maximizing comfort.

The newest addition to the SMART product line up is the **SMART ERV**: Energy Recovery Ventilator. This unit provides fresh air supply and humidity control unit for residential housing.

We are committed to offering only the very best quality products for enhancing HVAC performance – taking a “SMART” approach to Green Products!

Please find attached a SMART ERV4 page Brochure, Specification Sheet, Price List, Owners Manual and Installation Instructions. You may find additional resources at www.smartairandenergy.com

SMART Contractor Rebate Program

Please note that our SMART Contractor Rebate Program is now underway! Contractors who install any *SMART air and energy solutions* product are eligible to earn a Visa Gift Card – the SMART ERV qualifies for \$50!

Go to www.smartairandenergy.com/giftcard for details.
